Time allowed: Three hours
Total score: 24

Check that the National Student Number (NSN) on your admission slip is the same as the number at the top of this page.

You should answer ALL the questions in this booklet.

Pull out Resource Booklet 93401R from the centre of this booklet.

If you need more room for any answer, use the extra space provided at the back of this booklet.

Check that this booklet has pages 2–24 in the correct order and that none of these pages is blank.

YOU MUST HAND THIS BOOKLET TO THE SUPERVISOR AT THE END OF THE EXAMINATION.

INSTRUCTIONS

The materials in the resource booklet will enable you to become familiar with the theme and contexts of this examination: **climate change**.

Your answers to ALL three questions must incorporate a wide range of case studies from around the world, as well as information and ideas BOTH from the materials provided in the resource booklet and from your studies in geography.

Information to answer any question can be taken from any resource.

Space for planning has been provided on pages 4, 10, and 16 to help you prepare your responses. The questions on page 3 are repeated on their respective planning pages.

QUESTION ONE

Critically analyse and justify the most significant cultural process that contributes to climate change.

Your answer must include:

- specific information from the resource booklet
- knowledge and insight you have gained from your studies in geography
- convincing communication
- relevant original and/or effective visuals, such as maps, graphs, and diagrams.

Use page 4 to plan your ideas, and begin your answer on page 5.

QUESTION TWO

Perspectives are bodies of thought, theories, or world views that shape people's values.

With reference to different perspectives, have positive impacts on society from the use of fossil fuels outweighed the negative impacts? Discuss.

Your answer must include:

- specific information from the resource booklet
- knowledge and insight you have gained from your studies in geography
- convincing communication
- relevant original and/or effective visuals, such as maps, graphs, and diagrams.

Use page 10 to plan your ideas, and begin your answer on page 11.

QUESTION THREE

"Twenty-five years ago people could be excused for not knowing much, or doing much, about climate change. Today we have no excuse." — Desmond Tutu

With reference to different perspectives, critically evaluate the predicted future impact of climate change on human societies across the globe. Who will be most affected?

Your answer must include:

- specific information from the resource booklet
- knowledge and insight you have gained from your studies in geography
- convincing communication.

Use page 16 to plan your ideas, and begin your answer on page 17.
