ONE		<p>Critically evaluate the importance of different geographic processes that have led to issues related to quality of fresh water supplies.</p> <p>Critical evaluation and justification require the weighing-up of evidence, assessing validity, and making informed judgements.</p> <p>To be successful, the candidate needs to evaluate throughout – their evaluation needs to be woven through and not just be dropped in as a conclusion.</p>
Outstanding Performance	8	<p>The candidate critically evaluates the importance of different geographic processes that have led to issues related to quality of fresh water supplies.</p> <p>Revolves around a “critical evaluation and justification” approach.</p> <p>Refers to and incorporates specific evidence to back up their argument. Evidence is drawn both from the resources provided, and from beyond.</p> <p>Includes appropriate and effective visuals communicated / used in a sophisticated way by integrating the information. Visuals may be adapted or original. These must be referred to.</p> <p>Response demonstrates ALL of:</p> <ul style="list-style-type: none"> • sophisticated integration and abstraction • perception and insight • convincing communication.
	7	<p>Response demonstrates ALL of the requirements to be awarded a score of 8 as above, <u>but</u>:</p> <ul style="list-style-type: none"> • may be confusing in parts or lack clarity or • does not revolve around evaluation and justification consistently or • visuals may not be effective but must be referred to.
Scholarship	6	<p>The candidate critically evaluates the importance of different geographic processes that have led to issues related to quality of fresh water supplies.</p> <p>Refers to and incorporates specific evidence to back up their argument.</p> <p>Includes appropriate visuals. Visuals may be adapted or original. These must be referred to.</p> <p>Response demonstrates ALL of:</p> <ul style="list-style-type: none"> • analysis and critical thinking • integration and application of a range of ideas • logical development, precision, and clarity of ideas.
	5	<p>Response demonstrates ALL of the requirements to be awarded a score of 6 as above, <u>but</u>:</p> <ul style="list-style-type: none"> • may be confusing in parts or lack clarity or • does not revolve around critical evaluation and justifications or • is lacking in visuals.
	4	<p>The candidate critically evaluates the importance of different geographic processes that have led to issues related to quality of fresh water supplies.</p> <p>Refers to and incorporates some specific evidence.</p> <p>Includes relevant visuals.</p>

Question One (cont'd)

	3	The candidate critically evaluates the importance of different geographic processes that have led to issues related to quality of fresh water supplies. Very little depth. May include visuals.
	2	Some evaluation and justification mentioned and explained. May not include visuals, or they may be copied, or not relevant.
	1	Answer largely descriptive, or large parts irrelevant.
	0	Nothing attempted, or answer not relevant.
